Libraries today are more creative than in the past. The library in our town is more creative, too. We can do a lot of things there. We not only read books and watch DVDs at the library, but also enjoy events like book talks, puppet shows, and workshops about making picture books.

There are many kinds of spaces, too. (), people can read books on sofas, on *tatami* mats or in the library cafeteria. They can relax and read books anywhere. They can use small rooms for studying, meeting, or working.

Our creative library can connect people. One of my friends likes making picture books now after he joined a workshop at the library. He sometimes asks the library staff questions about making picture books by email even now. Also, while some kids are reading together on the *tatami* mats, their parents can become friends with each other.

I hope all of you visit our creative library in the near future.
